IN TOWN WITHOUT MY CAR DAY

As part of EUROPEANMOBILITYWEEK and Climate Week 2019 we are promoting sustainable transport and people friendly spaces by closing Belmont Street, Little Belmont Street and part of Union Street to traffic. Come walk with us around the large traffic free space and enjoy lots of fun, free, family friendly activities.

If you want to find out more about sustainable living, walking, cycling, public transport and responsible car use, enjoy some fun activities or just sit and watch the world go by, then this is the place to be! Check out the map to see the full list of exciting activities.

CIVITAS PORTIS is an exciting transport project that aims to design, demonstrate and evaluate sustainable mobility measures that address the problems of port cities across Europe.

As part of the project Aberdeen City Council and its local partners including NESTRANS, Aberdeenshire Council, Aberdeen Harbour Board, Robert Gordon University and University of Aberdeen will be looking at innovative ways to foster sustainable and active transport modes that can at the same time improve the attractiveness of our urban environment.
