

P2R Our Easter Stories

My Easter Holidays

Last year we went to Crathes Castle for an Easter egg hunt but this year we could not go because of Coronavirus. This year we had an egg hunt in our house instead. My favourite thing in the holidays was going for a walk with my Mum. By Ben

My Easter Holidays

I had a good time. I slept in a tent. I miss Ozzy. I was happy because I had a phone.

By Flynn

My Easter Holidays

It was my birthday in the Easter holidays. I helped my Mum make a cake. My friends sent me presents and cards. This made me happy. I went on an Easter hunt. I had to find 20 clues and at the end I got an egg and a toy teddy, I called Cezanne named after the painter. I liked clapping for the NHS on Thursdays. On our street we had 2 bagpipers.

My Easter Holidays

When I was on my Easter holidays I went on a walk. When I got to the golf course I started playing golf with my family. Then I got back home and then baked bunny cookies. I went outside and did an obstacle course. I felt happy because I got to have a trampoline. I felt sad because I didn't get to see my Grandma and Grandad. I felt ok because I still got to have fun and do fun activities.

My Easter Holidays

I played football in my back garden because of the Coronavirus and the lockdown. We were not able to go to the beach. Myself and my Dad went out on our bikes. We went to the Tree Tops and went round and round the car park which was fun. I went with my Mum to Hazlehead pitches and practised goalkeeping. By Ryan L

My Easter Holidays

This year I did not go anywhere. I always stay at home to be safe. I play with my XBox and enjoyed a lot at home.

XBOX

My Easter Holidays

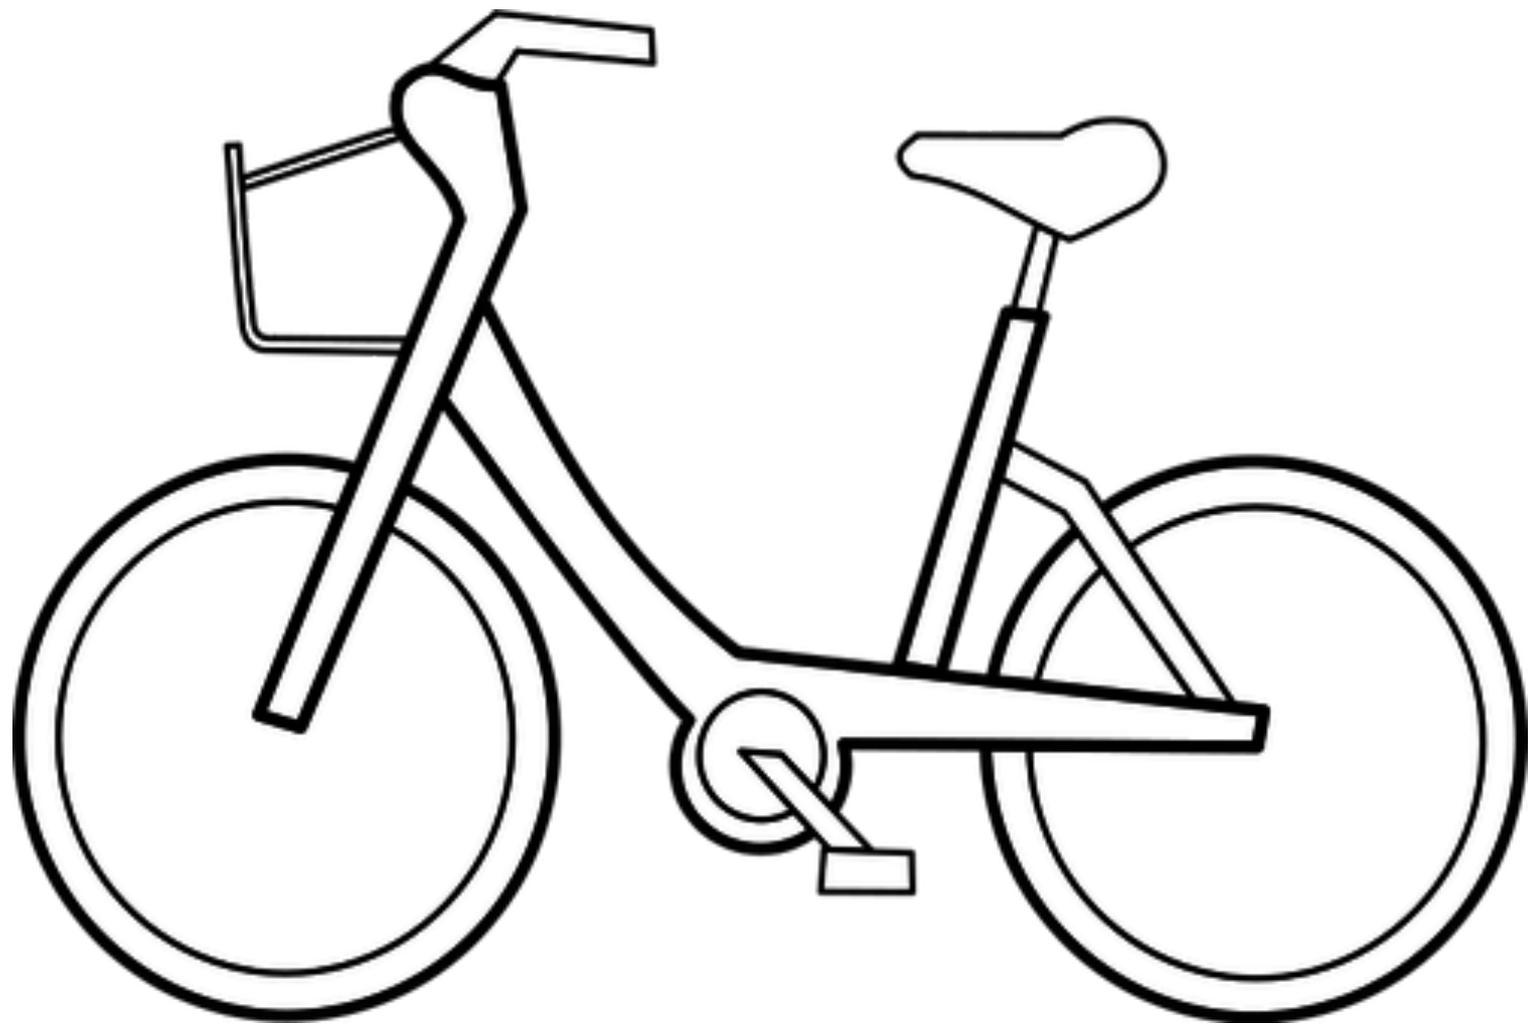

We lived with Granny and Grandpa. I walked Pixie the dog and I did spellings, sums and subtractions with Grandpa on the walk. I got a lollipop for being good at my school work every day. I enjoyed spelling (from my school book) to impress Miss Richardson. I loved Grandma's cooking and playing in the sand pit. I shared Granny's iPad with Declan and we watched a lovely cartoon, Science Max.

My Easter Holidays

I sat at home because of the Coronavirus. I learnt how to ride my bike. I made a castle. I made a fairy garden.

By Millie

My Easter Holidays

I had lots of fun in the Easter holidays. My favourite thing was learning to ride my bike and I went on lots of cycles with my sister and my mum ran beside me.

We made a really big den in the living room and used lots of blankets and we all snuggled together to watch a movie.

My Easter Holidays

This easter I had to stay at home. We were going to go to Glasgow and England.

My favourite thing was eating chocolate and having fun. I felt sad.

My Easter Holidays

On the Easter holidays I baked some blueberry pie and chicken pie. I had lots of fun rolling and making the pie. The next thing I did on Easter holidays was go outside and play in the sandpit and I also made a sandcastle with my sisters. Then I helped my mum and dad plant some flowers and I met a little ladybug and many other little bugs.

My Easter Holidays

My Easter holiday was very different this year but I had lots of fun with my mummy and daddy close to home. We had to clean out the woods at the bottom of the garden. Daddy and I sawed the branches. Mummy helped by picking up the sticks and putting them in the wheelbarrow. Then we made a pile of sticks to be a bonfire. I got to toast marshmallows on it which was yummy. Every day I went on a cycle in the area around our house and I got to cycle on the roads. When we were half way we fed the horses. I played lots of football as my exercise. I did lots of painting and I painted a Rangers FC one for daddy and an Aberdeen FC one for my grandad and a ladybird one for my grandma. Mummy helped me.

By Hugo

My Easter Holidays

This year my Easter holidays were different because of COVID_19. I couldn't go far or see any friends or family. I did lots of fun things. Jack's friend Lauren made us an Easter egg hunt. I have played football with Jack and we watched Trolls world tour. We had a sleepover in our tent in the living room. We have also played Monopoly. Every week we go outside and clap for the NHS. My favourite thing was my friend Hugo gave me an Easter egg and a football magazine.

My Easter Holidays

I enjoyed cycling with my dad outside when the weather was good. I had lots of fun jumping on the trampoline in our garden. I was helping my dad in the kitchen to cook dinner.

By Daniel

My Easter Holidays

This year at the Easter holidays we had to stay at home because of COVID_19. We could not go and stay with friends as usual and that made me feel really sad. We made stars out of twigs for our tree of gratitude in our garden. We have been cycling in the forest and scooting. We made a virtual hug for papas birthday.
