SCHOOL FOOTBALL

Currently, we are unable to support any training or delivery of extra-curricular activities at this time. Anyone who knows me will appreciate this is very tough! Please be assured that we are working with Aberdeen City Council and Active Schools to ensure that any programmes being delivered adhere to all health and safety regulations.

P1 PARENTS

As we approach the third week of full time attendance, please can I ask that after you have dropped your child off in the playground, can you swiftly exit the playground, staying left as much as possible.

Please can I ask that if your child has had to change their clothes during the day for a specific reason and has been given clothes by the school, can you wash them and return them the next day.

GRAPES

Please be reminded that if you send your child into school with grapes for either a snack or as part of their packed lunch, they must be cut to avoid these being a potential choking hazard. Our Eco Group will soon be exploring ways to decrease packaging in packed lunches as part of their Waste Minimisation Action Plan.

SCHOOL DISMISSAL

Can I ask all parents to ensure that if they are meeting their child after school to return home, please ensure that your child is clear of the meeting point. Please also give yourself plenty of time to get to your meeting point before the bell goes. Our school policy is for any child who is not met to return to the school office so that they are safe and we can contact you. Please remind your child of this point which we will also stress again next week.
